- (c) there is at least one descriptor which gives rise to an entitlement within tariff levels 1 to 11 in each of two or more body zones; and
- (d) the relevant percentage for the purpose of calculating the amount of a guaranteed income payment is less than 100%.

(2) Subject to article 17(2) the amount payable is to be calculated as follows—

- (a) for the first body zone, 100% of the relevant amount applicable to each descriptor in that body zone;
- (b) for the second body zone, 80% of the relevant amount applicable to each descriptor in that body zone;
- (c) for the third body zone, 60% of the relevant amount applicable to each descriptor in that body zone;
- (d) for the fourth body zone, 40% of the relevant amount applicable to each descriptor in that body zone;
- (e) for the fifth body zone, 20% of the relevant amount applicable to each descriptor in that body zone.

(3) In this article—

- (a) “first body zone” means the body zone in relation to which the highest relevant amount would, but for this article, be payable,
- (b) where the same amount is payable for each of two body zones one is the “first body zone” and the other is to be the “second body zone”,

and references to the second, third, fourth and fifth body zone are to be construed accordingly.

Amount where injury or injuries are described by more than one descriptor - other cases

22.—(1) This article applies where either paragraph (2) or (3) is satisfied.

(2) This paragraph applies where—

- (a) one injury or more which is described by more than one descriptor is sustained in or arises from one incident;
 - (b) the descriptors of the injury or injuries relate to one or more body zones;
 - (c) the relevant percentage for the purpose of calculating the amount of a guaranteed income payment is less than 100%; and
 - (d) the descriptor or descriptors which give rise to an entitlement within tariff levels 1 to 11 are in a single body zone.
- (3) This paragraph applies where there are no injuries described by a descriptor which give rise to an entitlement within tariff levels 1 to 11.
- (4) Subject to article 17(2) the amount payable is to be calculated as follows—
- (a) for the first descriptor, 100% of the relevant amount applicable to that descriptor;
 - (b) for the second descriptor, 80% of the relevant amount applicable to that descriptor;
 - (c) for the third descriptor, 60% of the relevant amount applicable to that descriptor;
 - (d) for the fourth descriptor, 40% of the relevant amount applicable to that descriptor;
 - (e) for the fifth and subsequent descriptors, 20% of the relevant amount applicable to each descriptor.
- (5) In this article—
- (a) “first descriptor” means the descriptor in relation to which the highest relevant amount would, but for this article, be payable,
 - (b) where the same amount is payable for each of two descriptors one is the “first descriptor” and the other is to be the “second descriptor”,
- and references to the second, third, fourth, fifth descriptor and subsequent descriptors are to be construed accordingly.

Recalculation of amount payable following award for additional injury

- 23.**—(1) This article applies where—
- (a) a claim for injury benefit (“the first claim”) has been determined and injury benefit awarded;
 - (b) in the circumstances specified in paragraph (2) a further determination is made in relation to an injury sustained in the same incident, or an injury consequential to an injury sustained in that incident; and
 - (c) the decision following the further determination—
 - (i) changes a descriptor for an injury;
 - (ii) awards an additional descriptor; or
 - (iii) awards a supplementary award.
- (2) The circumstances referred to in paragraph (1)(b) are—
- (a) a further claim is made for injury benefit for another injury, or an injury consequential to an injury sustained in the same incident as the first claim; or
 - (b) the decision on the first claim or the further claim is revised following a reconsideration under article 53, or a review under article 55, 56, 57 or 59.
- (3) Subject to paragraph (4), the amount of lump sum and any supplementary award payable following the further claim, reconsideration or review is to be re-determined in accordance with article 19, 21 or 22, whichever is applicable to the case.

(4) Where the amount awarded following a re-determination of benefit payable for all injuries sustained in one incident, or consequential to an injury sustained in that incident is increased, account is to be taken of the amount of benefit already paid, and, subject to article 17(2), only the difference between an earlier award and a later award is payable.

Amount of guaranteed income payment

24.—(1) The annual amount of guaranteed income payment is the relevant percentage of the base figure.

(2) The base figure is calculated by multiplying the relevant salary by the relevant factor.

(3) Subject to paragraph (4), the relevant percentage is—

- (a) 100% where a descriptor gives rise to entitlement at tariff level 1, 2, 3 or 4 (band A);
- (b) 75% where a descriptor gives rise to entitlement at tariff level 5 or 6 (band B);
- (c) 50% where a descriptor gives rise to entitlement at tariff level 7 or 8 (band C); and
- (d) 30% where a descriptor gives rise to entitlement at tariff level 9, 10 or 11 (band D).

(4) Where an award for an injury sustained in or arising from one incident is described by—

- (a) one descriptor, “the relevant percentage” is determined in accordance with paragraph (3);
- (b) more than one descriptor and the first and second descriptors are specified—
 - (i) in the same band, “the relevant percentage” is the percentage specified in the band immediately above the band in which the descriptors are specified (except where the descriptors are specified in band A in which case “the relevant percentage” is 100%);
 - (ii) in different bands, “the relevant percentage” is the percentage specified in the band in which the descriptor which gives rise to an entitlement to the highest tariff level is specified.

(5) Where the Secretary of State makes a re-determination under article 23(3) and as a result, the first descriptor is at a higher tariff level than it was before the re-determination, the Secretary of State is to re-determine the relevant percentage in accordance with paragraphs (3) and (4).

(6) In this article—

- (a) “the first and second descriptors” mean the descriptors which give rise to an entitlement to the highest tariff levels;
- (b) “the relevant salary” is, subject to paragraph (7), the salary of a member on the day on which the member’s service ends or in the case of a former member, the salary on that day up-rated for inflation to the date of claim;
- (c) “the relevant factor” is the figure specified in column (b) of the Table in Schedule 4 in relation to the relevant age specified in column (a); and
- (d) “the relevant age” is the age of the member on the day on which service ends or, in the case of a former member, the date of claim.

(7) Where one or more of the injuries which gives rise to an entitlement to guaranteed income payment was sustained in an incident which occurred on a day when the member or former member, as the case may be, held acting rank, the relevant salary is whichever is the higher of—

- (a) the salary specified in paragraph (6)(b); or
- (b) the actual salary of the member on the day of the incident.

(8) Up-rating a former member’s salary for inflation for the purposes of determining “the relevant salary” under this article is to be carried out in accordance with article 73.

Injury to a pair of like parts of the body

25.—(1) This article applies where a member loses, or wholly loses the function of, first one (“the first injury”) and later, in another incident, the other (“the second injury”) of a pair of like parts of the body specified in paragraph (5) and—

- (a) both the injuries are caused by service; and
- (b) an award of injury benefit has been made for the first injury.

(2) The descriptor for the second injury is to be the descriptor for the loss of both of the pair of like parts of the body.

(3) Where paragraph (1) applies—

- (a) the lump sum for the second injury is $Y-X$;
- (b) any award of guaranteed income payment made for the first injury ceases to have effect; and
- (c) subject to article 16(8) and (9), guaranteed income payment is payable for the second injury as if the tariff level for that descriptor is determined in accordance with paragraph (2).

(4) In this article—

- (a) Y is the amount specified in column (b) of Table 10 of the tariff corresponding with the tariff level specified in column (a) of the relevant Table for the descriptor for loss of both of the pair of like parts of the body; and
- (b) X is the combined total of all previous awards of lump sum, supplementary award, additional multiple injury lump sum and additional lump sum paid for the loss of one of the pair of like parts of the body.

(5) The pairs of like parts of the body to which this article applies are—

- (a) arms or part of an arm;
- (b) feet (but not toes);
- (c) hands (but not fingers);
- (d) kidneys;
- (e) legs or part of a leg;
- (f) total loss of sight in both eyes; and
- (g) total loss of hearing in both ears.

Temporary Awards

26.—(1) This article applies where the Secretary of State considers that—

- (a) a person has sustained an injury of a description for which no provision is made in the tariff in force on the date—
 - (i) on which the claim for benefit was made; or
 - (ii) of an application for a review under articles 55, 56, 57 or 59;
- (b) that the injury is sufficiently serious to warrant an award of injury benefit; and
- (c) that injury is listed in the International Statistical Classification of Diseases and Related Health Problems(20) or in the Diagnostic and Statistical Manual of Mental Disorders(21).

(2) The Secretary of State is to make a temporary award in respect of that person relating to the level of the tariff which the Secretary of State considers appropriate for that injury.

(20) World Health Organisation, Geneva. 10th revision (1992).

(21) American Psychiatric Association, Washington DC 20005 USA. 4th Edition, Text Revision (2000).

(3) The amount of the lump sum payable under a temporary award is the amount which would have been payable had a descriptor been included in the tariff at the tariff level which the Secretary of State considers appropriate for the injury.

(4) Where guaranteed income payment is payable under a temporary award, the amount payable is that which would have been payable had the descriptor been included in the tariff at the tariff level which the Secretary of State considers appropriate for the injury.

(5) The making of a temporary award does not give rise to a right to—

- (a) a reconsideration of the decision under article 53; or
- (b) a review of the decision under article 55, 56 or 57.

(6) Except where paragraph (7) applies, if the Secretary of State—

- (a) does, within the period of 1 year starting with the date on which the temporary award is given or sent to the claimant, amend this Order by including a descriptor which describes the injury and is at the same tariff level for which the temporary award is made—
 - (i) a decision is to be issued making a permanent award in favour of the claimant, which takes effect on the day on which the amending Order comes into force; and
 - (ii) guaranteed income payment is to continue to be paid in accordance with this Order; or
- (b) does not within the period of 1 year so amend this Order—
 - (i) a decision is to be issued refusing to make a permanent award in favour of the claimant; and
 - (ii) guaranteed income payment ceases to be payable under the temporary award at the end of the period but no amount of benefit paid in accordance with that award is recoverable.

(7) This paragraph applies where, after the date of a claim or application for review (referred to in paragraph (1)(a)(ii)) but before the determination of that claim or application, the Secretary of State has amended this Order, by including a descriptor in the tariff which describes the injury at the tariff level which the Secretary of State considers appropriate for that injury.

(8) Where paragraph (7) applies the Secretary of State is to make a temporary award and immediately issue a decision making the temporary award permanent.

Fast payment

27.—(1) A fast payment is to be made where the Secretary of State is satisfied that—

- (a) an injury has occurred during service and is caused by service; and
- (b) if a claim for injury benefit is made one or more of the injuries sustained will be described by a descriptor which gives rise to an entitlement within tariff levels 1 to 8.

(2) The amount of the fast payment is to be the amount specified in column (b) of Table 10 of the tariff for an injury at tariff level 8.

(3) Following a determination of a claim for injury benefit, account is to be taken of the fast payment and only the difference between the amount of the fast payment and the amount of injury benefit payable on determination of that claim is to be paid.

(4) A decision under this article does not give rise to a right to a reconsideration under article 53.

(5) In this article “determination of a claim for injury benefit” means the amount of injury benefit payable for all the injuries arising from the same incident in relation to which the claim for a fast payment has been made.

Medical expenses

28.—(1) Any necessary expenses of a former member may be paid for wholly or in part by the Secretary of State if the conditions specified in paragraph (2) are satisfied.

(2) Subject to paragraph (5) the conditions referred to in paragraph (1) are that the former member

- (a) has been awarded injury benefit where one or more of the injuries sustained gave rise to an entitlement to a descriptor within tariff levels 1 to 8;
- (b) became ordinarily resident outside the United Kingdom within the period of 1 year starting with the day service ends; and
- (c) is ordinarily resident outside the United Kingdom when the expenses are incurred.

(3) The necessary expenses referred to paragraph (1) include, but are not limited to—

- (a) medical, surgical or rehabilitative treatment;
- (b) professional nursing care;
- (c) appropriate medical aids and appliances; and
- (d) any expenses which the Secretary of State considers are incidental to the expenses specified in subparagraphs (a) to (c).

(4) A decision under this article does not give rise to a right to a reconsideration under article 53.

(5) Where a former member is physically or mentally incapable of making arrangements to move outside the United Kingdom for some or all of the period specified in paragraph (2)(b), that period is to be extended for such further period, as in all the circumstances of the case, the Secretary of State considers reasonable.

34.—(1) Subject to paragraph (6) the annual amount of survivor's guaranteed income payment is 60% of the base figure.

(2) The base figure is calculated by multiplying the relevant salary by the relevant factor.

(3) In this article—

(a) "the relevant salary" is, subject to paragraph (4), the salary of the member on the date of death, or in the case of a former member, the salary on the day on which the member's service ends up-rated for inflation to the date of claim;

(b) "the relevant factor" is the figure specified in column (b) of the Table set out in Schedule 4 in relation to the relevant age specified in column (a);

(c) "the relevant age" is the age of the member or former member as the case may be on the date of death.

- (a) the salary specified in paragraph (3); or
- (b) the actual salary of the member or former member on the day of the incident.

(5) Up-rating a former member's salary for inflation for the purposes of determining "relevant salary" under this article is to be carried out in accordance with article 73.

(6) In the event that there is more than one surviving spouse entitled to the survivor's guaranteed income payment, the annual amount to which each such surviving spouse is entitled is 60% of the base figure, divided by the number of surviving spouses so entitled at the date of the death of the member or former member.

Amount of bereavement grant

35.—(1) Subject to paragraph (2), the amount of the bereavement grant payable in respect of the death of a person who was a member on the date of death is £25,000.

(3) Where a former member dies the bereavement grant is £37,500.

(4) In the event that there is more than one surviving spouse entitled to the bereavement grant, the amount to which each such surviving spouse is entitled is the amount payable at paragraphs (1), (2) or (3), divided by the number of surviving spouses so entitled at the date of the death of the member or former member.

Amount of child's payment

36.—(1) The annual amount of child's payment is the relevant percentage of the base figure or, in the circumstances specified in paragraphs (3)(b) and (4)(b), the amount referred to in those subparagraphs.

(2) The base figure is calculated by multiplying the relevant salary by the relevant factor.

- (8) Where a child ceases to be an eligible child, there is to be no adjustment in the amount of child's payment payable to the other children who receive child's payment as a result of the same calculation.
- (9) In this article—

- (11) Up-rating a former member's salary for the purposes of determining "the relevant salary" under this article is to be carried out in accordance with article 73.

Awards of child's payment - later adjustment

- 37.**—(1) This article applies where, after the death of a member or former member—
- (a) a child's payment is paid in respect of one or more persons under this Part on the basis that they were eligible children at the date of the member's death and that there were then no other eligible children; and
 - (b) subsequently it appears—
 - (i) that a person in respect of whom such a payment has been paid was not then an eligible child;
 - (ii) that a further person was then an eligible child; or
 - (iii) that a child who was born after the member's death is an eligible child.
- (2) The Secretary of State may make such adjustments in the amount of the child's payment payable in respect of the eligible children as are required in view of the facts as they subsequently appear.
- (3) Paragraph (2) does not affect the Secretary of State's right to recover a payment or overpayment in any case where the Secretary of State considers it appropriate to do so.

Children entitled to three or more awards of child's payment

38.—(1) This paragraph applies if, apart from this paragraph, child's payment would be payable in respect of the same child under article 29(1)(c) as a result of the death of more than two members or former members.

(2) Child's payment is payable only in respect of the death of two members or former members.

(3) The amount of child's payment is the total of the two payments which together result in the payment of the highest annual amount.

PART 5

ADJUSTMENT AND CESSATION OF BENEFIT

Adjustment of guaranteed income payment, survivor's guaranteed income payment and child's payment to take account of other amounts

39.—(1) This article applies where a person is entitled to guaranteed income payment, survivor's guaranteed income payment or child's payment for any period during which the person is also entitled to—

(b) a payment under the Armed Forces Early Departure Payments Scheme Order 2005⁽²²⁾ ("a payment").

(2) Guaranteed income payment, the survivor's guaranteed income payment or the child's payment, as the case may be, is to be adjusted in accordance with paragraphs (3) or (4).

(3) Where a person is entitled to guaranteed income payment for any period during which the person is also entitled—

(a) to a payment, or to a pension which is not an ill-health pension paid for the same injury for which the guaranteed income payment is paid, then the amount of the guaranteed income payment is reduced by 75% of the amount of that pension or payment;

(b) to an ill-health pension which is paid for the same injury for which the guaranteed income payment is paid, then the amount of guaranteed income payment is reduced by the full amount of the ill-health pension.

(4) Where a person is entitled to survivor's guaranteed income payment or child's payment for any period during which the person is also entitled to a pension, then the amount of survivor's guaranteed income payment or child's payment is reduced by 75% of the amount of that pension.

(5) Where an amount of a pension or payment increases or decreases (including the commencement or cessation), after an award of benefit is made, the Secretary of State is to make such adjustments to the amount of guaranteed income payment, survivor's guaranteed income payment or child's payment as are required to satisfy the rules for the adjustment of benefit specified in this article.

(6) In this article any reference to a pension, ill-health pension or a payment means the gross amount, irrespective of any commutation.

- (a) an injury or its effects for which benefit is payable; or
- (b) the death of a person for which benefit is payable.

(2) Subject to paragraph (3), those damages are to be taken into account against any benefit which might otherwise be payable under this Order and the Secretary of State is to withhold or reduce any such benefit accordingly.

(3) The Secretary of State may not—

- (a) take the damages into account where the Secretary of State is satisfied that benefit payable under this Order has been taken into account in the assessment of the damages;
- (b) withhold or reduce a bereavement grant payable under article 29(1)(b).

(4) In calculating the amount of benefit to withhold or reduce under paragraph (1), the Secretary of State may take account of the full value of any damages which have been or will be recovered.

(5) The Secretary of State may require a claimant to provide—

- (a) details of any steps taken or planned to obtain damages in respect of the same injury or death for which benefit is payable;
- (b) a written undertaking that if damages are recovered the claimant will notify the Secretary of State and repay any benefit paid under this Order.

(6) In this article damages include any payment received as a result of a claim made in respect of—

- (a) an injury or the effects of an injury for which benefit is payable; or
- (b) the death of a person for which benefit is payable.

(7) Paragraph (6) applies whether or not the payment is made—

- (i) in pursuance of a judgment or order of a court of any jurisdiction; or
- (ii) by settlement or compromise of the claim, whether or not proceedings are instituted to enforce the claim.

(8) A person to whom or for whose benefit the compensation is paid is to be treated as recovering damages and the compensation paid is to be treated as the damages recovered where compensation is paid—

- (a) under the Criminal Injuries Compensation Scheme established under the Criminal Injuries Compensation Act 1995⁽²³⁾;
- (b) under the Criminal Injuries (Compensation) (Northern Ireland) Order 2002⁽²⁴⁾; or
- (c) under the scheme established by the Ministry of Defence for the purposes of paying compensation to members of the forces who suffer injury as a result of a crime committed outside the United Kingdom.

Negligence or misconduct

41. The Secretary of State may withhold up to 40% of benefit where the negligence or misconduct of a member or former member contributed to that person's injury or death.

PART 6

CLAIMS

Entitlement to benefit dependant on claim

43.—(1) Except where article 45 applies, a person is not entitled to any benefit unless, in addition to any other conditions relating to that benefit being satisfied, a claim is made for it in the manner, and within the time, specified in the following provisions of this Part.

(2) Where a member who is in service on or after 6th April 2005 or a surviving spouse, surviving civil partner or surviving adult dependant of such a member makes a claim for a pension for disablement or death under the Naval, Military and Air Forces Etc. (Disablement and Death) Service Pensions Order 2006(25), the Secretary of State may treat that claim as also being a claim for benefit under this Order.

Manner of making a claim

44. A claim for benefit must be—

- (a) in writing;
- (b) on a form approved for that purpose by the Secretary of State;
- (c) signed by or on behalf of the claimant; and
- (d) given or sent to the Service Personnel and Veterans Agency within the time specified in article 47, 48 or 49 whichever is applicable.

Cases where claims are not required

45.—(1) Subject to paragraph (3), it is not a condition of entitlement to benefit that a claim be made for it where a member—

- (a) is discharged on medical grounds; or
- (b) dies whilst serving in the forces.

(2) It is not a condition of entitlement to additional benefit that a claim be made, and article 46 does not apply in relation to these awards of benefit.

(3) This paragraph applies where a member dies in the circumstances specified in paragraph (1) leaving an eligible child and either—

- (a) leaves no surviving spouse, civil partner or surviving adult dependant; or
- (b) the child is not living with the surviving spouse, civil partner or surviving adult dependant, as the case may be, on the date on which the member died.

(4) Where paragraph (3) applies, it is a condition of entitlement to child's payment that a claim is made by or on behalf of the child.

(5) Paragraph (1)(a) applies only to injury benefit for the injury which caused the member to be discharged on medical grounds and any injuries arising from that injury or from the same incident that caused that injury.

(6) Paragraph (1)(b) applies only to death benefit.

Date of claim

46.—(1) Subject to paragraphs (2) and (3), the date on which a claim is made is the date on which it is received by the Service Personnel and Veterans Agency.

(2) Where, not more than 3 months before the date on which a claim for injury benefit or death benefit is made, the claimant, or a person acting on the claimant's behalf requests the Secretary of State, orally or in writing, to provide information relating to benefit or a form for the purpose of claiming benefit, the date of claim is to be the date of that request.

(3) Where article 45(1) applies, the date of claim is to be treated as—

- (a) the day after the day on which the member is discharged on medical grounds; or
- (b) the day after the date of death of the member.

Time for making a claim - general

47.—(1) Subject to articles 48 and 49, the time specified for making a claim for injury benefit is 7 years beginning with whichever is the earlier of the following days—

- (a) the day on which the injury occurs;
- (b) the day an injury which is not caused by service is made worse by service;
- (c) the day on which the member's service ends;
- (d) the day a member first seeks medical advice in relation to an illness.

(2) Paragraph (1)(d) applies only if the claim is in respect of an illness.

(3) The time for making a claim for injury benefit is extended by 3 years from the date of diagnosis where—

- (a) an illness first presents within the period specified in paragraph (1); but
- (b) the diagnosis of the illness is not made until less than 1 year before the end of that period.

(4) The time specified for making a claim for a fast payment is 6 months beginning with the day on which the injury occurs.

(5) A claim for medical expenses must be made prior to the expenses being incurred except in circumstances where the Secretary of State is satisfied that prior approval was not reasonably practicable due to a medical emergency.

(6) The time specified for making a claim for death benefit is 3 years beginning with the date of death where—

- (a) the death occurs after the day on which the service of the former member ends; and
- (b) within 7 years starting with that day.

Time for making a claim - exceptional circumstances

48.—(1) Article 47 does not apply where—

- (a) a claim for injury benefit is made by a former member for a late onset illness and the illness has been diagnosed by an accredited medical specialist;
- (b) the death of a former member—

- (i) is caused by a late onset illness; or
- (ii) occurs in circumstances specified in article 10(3)(c)(ii).

(2) Where paragraph (1) applies, the time specified for making a claim is 3 years beginning with the day the late onset illness was first diagnosed, or the date of death, as the case may be.

Time for making a claim - physical or mental incapacity

49.—(1) This paragraph applies if throughout the time specified for making a claim in article 47 or 48 a person is physically or mentally incapable of making a claim for injury benefit or death benefit or instructing another person to make a claim on their behalf.

(2) Where paragraph (1) applies, that time is to be extended for such further period as in all circumstances of the case the Secretary of State considers reasonable.

(3) This paragraph applies if a person—

- (a) has been physically or mentally incapable of making a claim for injury benefit or death benefit or instructing another to make it on their behalf;
- (b) becomes so capable within the period referred to in article 47 or 48.

(4) Where paragraph (3) applies, the time for making a claim may be extended for a period of up to 3 years, if the Secretary of State considers there is insufficient time for the person to make a claim, or instruct a person to make it on their behalf, within the period referred to in article 47 or 48.

Withdrawal or amendment of claim

50.—(1) A claimant may amend a claim by notice in writing given or sent to the Service Personnel and Veterans Agency at any time before notice of the decision on the claim has been given or sent to the claimant, and any claim so amended is to be treated by the Secretary of State as if it had been so amended in the first instance.

(2) A claimant may withdraw a claim at any time before notice of the decision on the claim has been given or sent, by notice in writing given or sent to the Service Personnel and Veterans Agency, and any such notice of withdrawal has effect when it is received.

(3) Where a claimant has withdrawn a claim under paragraph (2), that claim may not be reinstated, but the person may make a further claim in accordance with the provisions of this Order.

PART 7

ADJUDICATION

Decisions

51.—(1) The Secretary of State is to determine any claim for benefit and any question arising out of the claim.

52.—(1) An interim award may be made where the Secretary of State is satisfied that a person is entitled to injury benefit but—

- (a) the prognosis for the injury in that particular case is uncertain; and
- (b) it is not possible to determine which descriptor is applicable to it.

(2) The Secretary of State is to select the descriptor considered to be the most appropriate descriptor at the date of the decision.

(3) The Secretary of State must specify the period which the interim award has effect in accordance with paragraphs (4) and (5).

(4) The period referred to in paragraph (3) is to be a maximum of 2 years starting from the date the award was first made.

(5) Where the period specified is less than 2 years, the Secretary of State may extend and further extend the award but, subject to paragraph (6), a final award must be made within the period of 2 years starting with the date on which an interim award was first made.

(6) Where paragraph (7) applies—

- (a) the interim award may be extended and further extended for a period not exceeding 2 years; and
- (b) a final award must be made within the period of 4 years starting with the date on which an interim award was first made.

(7) This paragraph applies where—

- (a) the prognosis remains uncertain at the end of the initial 2 year period; and
- (b) the Secretary of State considers the extension just and equitable having regard to all the circumstances of the case.

(8) Where the final decision is to award a descriptor at a tariff level which is—

- (a) at the same level or higher than the tariff level awarded in the interim award, account is to be taken of the amount of benefit paid in accordance with the interim award and only the difference between the amount of benefit paid in accordance with the interim award and the amount of the final decision is payable;
- (b) lower than the tariff level of the tariff awarded in the interim award, no further amount of benefit will be paid in accordance with the final decision, and no amount of benefit paid in accordance with the interim award is recoverable.

Reconsideration

53.—(1) Subject to paragraphs (2) and (11), a decision (“the original decision”) is to be reconsidered if an application for a reconsideration, made in accordance with paragraph (4), is given or sent to the Service Personnel and Veterans Agency.

(2) Paragraph (1) does not apply where the decision—

- (a) is to make a temporary award under article 26(1);
- (b) is to make a fast payment under article 27(1);

(26) 1943 c. 39, section 5A(1) was amended by the Armed Forces (Pensions and Compensation) Act 2004 (c. 32), section 5 and Schedule 1, paragraph 2(2).

- (c) relates to the payment of medical expenses under article 28; or
 - (d) is to make an interim award under article 52(1).
- (3) On a reconsideration of the original decision, the Secretary of State may—

 - (b) be signed by or on behalf of the person making the application; and
 - (c) specify the ground on which the application is made.
- (5) Where an appeal has been made to an appropriate tribunal against an original decision and no application for a reconsideration has been made in respect of that decision under paragraph (1), the Secretary of State must reconsider the decision.
- (6) The decision of the Secretary of State on an application for a reconsideration under paragraph (1), or a reconsideration under paragraph (5), and the reasons for that decision, must—
- (a) be in writing;

 - (c) inform the claimant of any right the claimant may have to appeal to the appropriate tribunal under section 5A(1) of the Pensions Appeal Tribunals Act 1943.
- (7) A decision on reconsideration does not give rise to a right for the claimant to make a further application for reconsideration under this article unless that decision is to make —
- (a) a temporary award under article 26; or
 - (b) an interim award under article 52.
- (8) Where a revised decision makes a temporary award or an interim award the claimant may apply for a reconsideration under this article when that award is made final.
- (9) Where the Secretary of State increases the amount of benefit awarded in the original decision only the difference between the original award and the revised award is to be paid.
- (10) Article 49 has effect in respect of an application for a reconsideration under this article as though a reference to making a claim was a reference to making an application for a reconsideration and reference to the time for making a claim was a reference to the time for making an application for a reconsideration.
- (11) Where a person applies for a review under article 55 or 56 before the Secretary of State has determined a reconsideration under this article, the application for the review supersedes the application for reconsideration.

59.—(1) Subject to paragraph (2), any decision of the Secretary of State may be reviewed at any time (including on the application of the claimant) if the Secretary of State is satisfied that the decision was given in ignorance of, or was based on, a mistake as to a material fact or of a mistake as to the law.

(2) This article only applies—

- (a) if the material fact was knowable at the time the decision was made and was disclosed to the Secretary of State at that time;
- (b) if the ignorance or mistake was the ignorance or mistake of the Secretary of State;
- (c) where the ignorance or mistake relates to the diagnosis of an injury, where the correct diagnosis was knowable given the state of medical knowledge existing at the time the diagnosis was made.

Burden of proof

60.—(1) Subject to the provisions of this article, the burden of proving any issue is on the claimant.

(2) Where paragraph (3) applies there is a presumption in favour of the claimant unless the Secretary of State proves to the contrary.

(3) This paragraph applies where—

- (a) a contemporary official record relating to a material fact which is relevant to deciding a condition for payment of benefit under Part 2 is missing; and
- (b) there is other reliable evidence to determine the material fact.

(4) For the purpose of paragraph (3)—

Standard of proof

61. The standard of proof applicable in any decision which is required to be made under this Order is the balance of probabilities.

Evidence

62.—(1) For the purposes of determining any issue under this Order, the Secretary of State is to produce such medical or other records of a member or a former member (whether living or deceased), as are held by the Secretary of State for Defence or the Defence Council and are relevant to the issues to be decided.

(2) The Secretary of State is to consider any evidence which appears to be relevant to the issues which are to be decided and is to determine those issues on that evidence.

(3) Where any decision required to be made under this Order is, or includes, a decision involving a medical issue, that decision is to be made in accordance with generally accepted medical and scientific knowledge prevailing at the time the decision is made.

Information and medical examination

63.—(1) Where paragraph (2) applies a claim is to be treated as never having been made.

(2) This paragraph applies where a claim has been made, and the claimant “C” has been requested in writing—

(i) that information is not given or sent to the Secretary of State within 3 months of the date on which the request is sent; and

(ii) C does not provide a satisfactory explanation for that failure; or

(b) to attend a medical examination—

(i) at a time and place specified in a notice given or sent to C, not less than 10 days before the date of the examination; and

(ii) C fails to attend without providing, within 3 months of the date of the examination to which the request related, a satisfactory explanation for that failure.

(3) Paragraph (2) has effect where a person makes a claim on C’s behalf, and references to C are to be construed accordingly.

(4) The treating of a claim as never having been made does not prevent the making of a new claim in accordance with this Order.

(5) In this article a reference to a claim includes a reference to an application for reconsideration under article 53(1) and an application for a review under article 55(6), 56(4), 57(5) or 59(1).

(8) No benefit is payable for any period before the date of claim.

Time of payment

65. Guaranteed income payment, survivor's guaranteed income payment and child's payment are paid monthly in arrears unless, in any particular case, the Secretary of State arranges otherwise.

(5) Where a direction has been given under paragraph (3) and an application for leave to appeal made the suspension may continue where—

- (a) leave to appeal is granted, until any subsequent appeal is determined;

- (c) an application for leave to appeal is refused, if the Secretary of State makes a further application for leave to appeal in accordance with paragraph (6).

(6) The application referred to in paragraph (5)(c) must be made to the Upper Tribunal or a Commissioner within a period of 1 month beginning with the date on which notice in writing of the decision of the appropriate tribunal refusing leave to appeal is received.

(7) Where an application is made in accordance with paragraph (6) the suspension may continue until that application and any subsequent appeal is determined.

(8) Where the appeal is determined and the case remitted for rehearing and determination by an appropriate tribunal, the appeal is not determined for the purposes of this article until the matter remitted for rehearing has been determined by the appropriate tribunal.

EXPLANATORY NOTE

(This note is not part of the Order)

This Order revokes and re-enacts the Armed Forces and Reserve Forces (Compensation Scheme) 2005 [S.I. 2005/439](#) (“the Scheme”), with modifications incorporating the recommendations of the Review of the Armed Forces Compensation Scheme by Admiral the Lord Boyce (Cm 7798). The Scheme provides for benefits to be payable to or in respect of a person by reason of illness or injury (whether physical or mental), or death, which is caused (wholly or partly) by service in the armed forces or the reserve forces.

Part 1 provides for citation, commencement and, together with Schedule 1, interpretation of the Order.

Part 2 establishes the Scheme by providing for compensation to be payable in respect of injuries caused by service, the worsening of non-service injuries and for death caused by service. It excludes injuries caused by, or occurring during, social events, slipping and tripping, home to duty travel and sport, unless the injuries occur in specified circumstances. In the case of sport and adventurous training the activity must be approved by the services. Provision is made for the modification of the Scheme for the reserve forces, the modifications being set out in Schedule 2.

Part 3 sets out the benefits which are payable for injury caused by service and the conditions attaching to the payment. The benefits are a lump sum, a supplementary award, a guaranteed income payment payable for life, a fast payment and, in limited circumstances, the re-imbursment of medical expenses. The lump sum is calculated with reference to the severity of the injury sustained. A tariff, set out in Part 1 of Schedule 3, contains tables which list descriptors of injuries and tariff levels, and a table which gives amounts corresponding to those levels. There are 15 tariff levels. The maximum lump sum payable for a tariff level 1 injury is £570,000. Supplementary awards are payable where the injury is accompanied by one of the conditions specified in Part 2 of Schedule 3, but subject to the cap of £570,000.

Guaranteed income payment is payable for more serious injuries. There are four bands - 100%, 75%, 50% and 30%. The payment commences when service ends, or from the date of claim, if later, and is payable for life. The amount of guaranteed income payment is calculated by means of a formula based on the age of the member of the forces when service ends or at the date of claim, if later.

A fast payment in the sum of £60,000 is payable only for more serious injuries. It is off-set against the lump sum payable. Medical expenses are a discretionary provision. Seriously injured personnel who move to live permanently overseas within a year of leaving service may claim re-imbursment of certain expenses.

This Part also contains provision for the calculation of awards in cases where more than one injury is sustained in one incident. In all cases benefit is paid for each injury caused by service. For the most seriously injured (where the amount of guaranteed income payment is 100%) the tariff amount is paid in full up to the cap of £570,000. In other cases a percentage of the tariff amount is paid for some of the injuries sustained. There is also provision for injury to a pair of like parts of the body in sequential incidents, for example, to one leg and then the other leg.

Where a person has sustained an injury of a description for which no provision is made in the tariff a temporary award is payable, if that injury is sufficiently serious to warrant an award. The injury must be listed in the International Statistical Classification of Diseases and Related Health Problems or in the Diagnostic and Statistical Manual of Mental Disorder.

Part 4 sets out the benefits which are payable in respect of a member of the forces whose death is caused by service. Survivor's guaranteed income payment and a bereavement grant are payable to a surviving spouse, surviving adult dependent or surviving civil partner. Child's payment is payable to "eligible" children. An eligible child is a child or adopted child of the deceased or a child dependent on the deceased who is under 18 or under 23 and in full-time education or vocational training. Provision is also made for children over 18 who are unable, due to physical or mental disability, to support themselves. A bereavement grant for a person who dies in service is £25,000 but may be reduced depending on which armed forces pension scheme the member of the forces belonged to. The grant in respect of a member who dies after leaving service is £37,500.

Survivor's guaranteed income payment and child's payment are calculated in a similar way to guaranteed income payment. The amount of survivor's guaranteed income payment is 60% of the full amount of guaranteed income payment. The first two eligible children each receive child's payment of 15% of guaranteed income payment and a third child 10%. Where there are four or more eligible children the percentages are reduced.

Part 5 makes provision for adjusting the amount of benefit payable in specified circumstances. Guaranteed income payment, survivor's guaranteed income payment and child's payment is adjusted to take account of pensions paid under an armed forces' pension scheme, and, in the case of the reserve forces, another occupational pension scheme. Benefit will also be reduced if a person receives damages or compensation from another scheme in respect of the same injury or death. In addition, benefit may be reduced by up to 40% where the negligence or misconduct of a member of the forces has contributed to the injury or death. This Part also provides that benefit will cease if a former member of the armed forces is admitted as an in-pensioner to the Royal Hospital, Chelsea.

Part 6 deals with the manner of making a claim, specifies circumstances where a claim is not required and provides for the date of a claim and time limits for making claims. For injury, the time limit is 7 years from the date of the injury, or the worsening of a non-service injury, and in the case of an illness, the date on which medical advice is first sought or the date on which service ends whichever is the earlier. For death, the time limit is 3 years from the date of death. A claim for a fast payment must be made within 6 months of the injury. Medical expenses must be approved before they are paid, except in cases of a medical emergency. There are some exceptions to the time limits where a person is unable to make a claim, or instruct another person to make it, due to physical or mental illness. There are also exceptions in specified exceptional circumstances.

Part 7 makes provision for the adjudication of claims. Provision is made for the manner of making decisions and the information to be provided with a decision, for interim awards and for reconsideration and review of decisions in specified circumstances. A person who has received an award in-service can apply for a review of that award within a year of leaving service, providing the final decision in relation to that award was made not more than 7 years earlier. There is also provision to apply for a review in exceptional circumstances where an injury has unexpectedly got worse.

The burden of proving any issue under the Scheme lies on the claimant, but where records have been lost there is a presumption in favour of the claimant. The standard of proof is on a balance of probabilities. Provision is also made for the production of evidence, with the Secretary of State being required to produce relevant medical or other records which are in the Department's possession.

Parts 8 and 9 make provision for the payment of benefit. These provisions include the date on which benefit becomes payable, suspension of benefit in certain circumstances, and a power to appoint persons to act on behalf of persons under 18 and persons unable to act for themselves.

Part 10 provides a power to up-rate guaranteed income payment, survivor's guaranteed income payment and child's payment. It also provides a mechanism for a notional up-rating of a person's salary to take account of inflation. This is used for the purpose of calculating guaranteed income payment, survivor's guaranteed income payment and child's payment where a member of the forces makes a claim or dies after service ends.

Part 11 makes provision for payment of additional benefits for those who claimed under the Scheme before this Order comes into force. All those who have been awarded injury benefit under the AFCS 2005 of less than £570,000 will receive a further lump sum payment, subject to the cap of that amount. Guaranteed income payment, survivor's guaranteed income payment and child's payment is to increase, as it is to be calculated on revised factors. In certain specified circumstances an additional bereavement grant will be paid.

Part 12 includes various general transitional provisions, revocations and savings.
